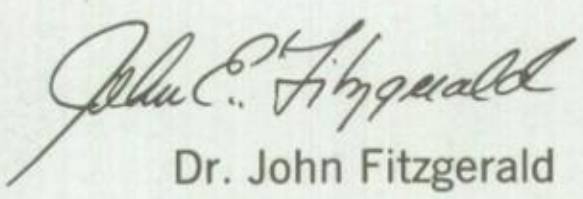
MESSAGE TO THE SENIORS 1988

Graduation is a special event — for you and your parents. I'd like you to remember all the memories from G.C.S. — even the sad ones. Be sure you continue to prepare for your future by protecting your health, valuing your friends and continuing your education at every opportunity. You have been a special group of cooperative young adults to work with.

My very best for a lifetime of success and happiness.



Dr. John Fitzgerald
Principal

One of the unfortunate truths about human beings is that it takes most of us a lifetime to grow up. In fact, few ever really complete the job. Pockets of immaturity remain with most of us throughout our lives.

Complete maturity is a goal we keep striving for. According to some students of human nature, mature people are, among other things:

PATIENT. They are able to pass up immediate pleasures when they need to, in order to achieve long range goals.

EMPATHETIC. They respond to the needs and feelings of others.

DETERMINED. They are capable of staying with and sweating out projects in spite of opposition and discouraging setbacks.

POSITIVE. They retain a zest for life and are enthusiastic about their work and goals.

COURAGEOUS. They are able to conquer the fear of failure and to defeat any tendency to always play it safe.

DEPENDABLE. They are able to cooperate with others in common goals and to hold up their ends of the load.

COOPERATIVE. They can work with others for the common good of all.

That's a big order! Few of us will ever be so perfect! It is to our credit, however, that we keep trying. You've been given a sound background and education by your parents and teachers. Good luck in the lifetime process of growing up.

LIFE OR DREAM?

Our whole life seems like a dream,
Starting at birth, ending in death, adding everything else in between.

But exactly where were we a few years back?
I try to remember but always seem to forget.

We began our friendship at nursery school,
Learning about life, using the basic tools.

Then we advanced to 1st, 2nd, and even 3rd,
What a treat that was, listening, working, trying to learn.

Fourth, 5th, and 6th was a step on their own.
Our friendship didn't seem to end, it seemed to grow!
Those years were filled with excitement, happiness and joy,
We discovered everything from homework to girls and boys!!!

We finally moved on to junior high,
It came up slowly but flew on by.
I couldn't decide which was harder:
Science, Social Studies, French, or Math.
But surprising enough, we made it through them all and even
Better than that, WE PASSED!!

9th, 10th, and 11th were easy as pie,
But ahead of us was our senior year,
The year we all knew that we had to say good-bye.

All through the years I couldn't wait to get out,
I wanted to learn what this "DREAM" was all about.
Now I'm scared, graduation is near,
Is there anyway to go back and escape this fear?

Before we go, I have only a few things to say:
Good-bye, good luck and let's hope our dreams cross
Again another day.

Throughout the Elementary section you will find essays written by students from grades k-6. These are the winning essays of a contest sponsored by the Yearbook Staff. Participation in the contest was strictly voluntary.

The following questions were asked:
K-2nd: What do you dream to be? Why?
3rd-4th: What is a dream?
5th-6th: How do you put your dreams into action?

The Yearbook Staff wishes to thank teachers for allowing class time to participate in this contest. And, we wish to express our CONGRATULATIONS to each of the participants.

HONORABLE MENTION:

I dream of getting out of school. This is how I will make my dream come true. I will be on a game show called "To Be or Not to Be in School." I will win on the show and get a note from the president saying I can quit school. I will give it to the principal and get out of school.

How Do You Put Your Dreams Into Action?

My Dream is to be President. I would be famous. I would go to meetings and help to have world peace.

To put my dream into action, I would involve myself with the peoples' problems. I would make my own meetings for peace. If that went well, I might win.

How Do You Put Your Dreams Into Action?

I dream that some day I will become a zillionaire and be able to buy anything I could ever want. I think if I wanted that dream to come true, I would have to save every penny and I couldn't spend any of it.

What Is A Dream?

A dream in my eyes is a vision of something that you would like to happen or has happened in your life. You would like to remember it for a long time, so you have it in your dreams.

What Is A Dream?

A dream is something like a fantasy. It is something you wish could happen to you . . . like being a ruler of a chocolate kingdom. Your brain never stops working. In fact, your dreams are what your brain thinks up at night. I like to get things off my mind by daydreaming.

What Is A Dream?

A dream is something you do when you sleep. You just fall into a dream. When you dream you'll dream of many different things like ducks, rainbows, flowers, all different kinds of things. Dreaming is really fun. But scary dreams might scare you . . . like nightmares. If you have a nightmare you usually wake up and scream. If you have funny dreams you usually smile while you're sleeping. You can day dream too in school.

What Is A Dream?

A dream is a picture in your mind. Sometimes when you are thinking you just forget what you are doing and start daydreaming. In the night you might have a dream. Dreams can be: sad, happy, scary, or weird. Sometimes you wish they would happen.

S.T.O.P.

During the 1987-88 school year, STOP included about 35 students, mostly sophomores and juniors. Several adults worked with the students throughout the year. In addition to collecting recyclables once a month, STOP began three new projects this year. From materials donated in part by Curtis Lumber, students built two boxes to be used for the deposit of newspapers between monthly recycling collections. The boxes were placed in the Greenwich Plaza parking lot outside the STOP building on Abeel Avenue. The boxes have been so successful that two new, larger boxes are now under construction.

A program to recycle school paper was begun in the fall and has worked well with cardboard collection boxes in several classrooms and offices throughout the district.

An effort has also been made to include younger students in the STOP program. Sharon Kruger's Kids Against Pollution (KAP) have taken charge of recycling school paper in the Middle School.

In April 1988 STOP celebrated its 16th anniversary of continuous operation. We are proud of being the longest-running all-volunteer recycling program in the state!

FUTURE FARMERS OF AMERICA

At the beginning of the year we had a meeting to elect officers for 1987-88 they are: Neasa Kalme, Pres.; Eric Lundberg, V.P.; Jason Spear, Reporter; Jay Wolff, Sec.; Darren Elsworth, Treas.; Dawn Culbertson, Sentinel.

To kick off the season, we had a hayride at the Lundberg residence. We had a Bowling Tournament at the Roe's Bowl. Our next project was to make vine wreaths and sell them. Later in the fall we sold fruit, oranges and grapefruit, from Florida. When the fruit was delivered we stayed after school and sorted it. Then in late fall, we helped the HS FFA get ready for the Leadership Contest.

In the spring we sold Cheese and Pepperoni and we participated in dairy cattle judging. We sold fruit, C & P, and wreaths to raise money for Camp Oswegachie in the summer.

At camp we play games, swim, get up early, learn about FFA, and participate in work activities. It is a great deal of fun.

Ending the Year With a Look Back:

Look into my eyes
What do you see?
The bliss of childhood dreams
  a handsome prince on a shining stallion
  a life without cares, or hurt
The anguish of adult reality . . .
  a marriage come to an end
  a life filled with pain and sorrow
Or the wisdom of one who has grown?
Look into my eyes
What do you see?
The joy of a new friendship . . .
  a casual "hello"
  a shoulder to lean on
The tears of misplaced trust . . .
  a one night stand
  a forgotten call
Or the experience of one who has loved?
Look into my eyes.
What do you see?
A child now an adult.

CLASS C-D, SECTION II CHAMPS
OVERALL RECORD: 10-0

At the beginning of the '87 football season Coach Pemrick stated "in the skills positions we have pretty good athletes, but we're looking for help offensively and defensively, along the line of scrimmage."

They found it. The team worked together throughout the season. Some games were tougher than others, but the Witches remained strong. Upon completion of their regular schedule with an 8-0 record, they went on to play Fonda at the "Super Bowl" for the large schools of the Northern-Adirondack League. Greenwich won the game with a final score of 29-7.

Next came the Class C-D, Section II Championship game against the Rams of Rensselaer. Once again the Greenwich Witches were successful ending their season with a 33-6 win over the Rams.

Upon reflection, the predictions of Coach Pemrick for the '87 season seem overly cautious. The team did well, both offensively and defensively. The GCS football team proved that a winning record of 10-0 is possible through continued team effort.

FIELD HOCKEY

When the going gets tough, the tough keep trying . . .

The 1987 field hockey season got off to a slow start. But, with the help of our new coach, Mrs. Poirer, we soon gained the much needed confidence and began to play as a much better team. Our season's record was 1-10-13. Although it's not a great record, more than half of our losses were lost by only a single goal. We feel we should be strong next year and are looking forward to challenging our opponents once again.

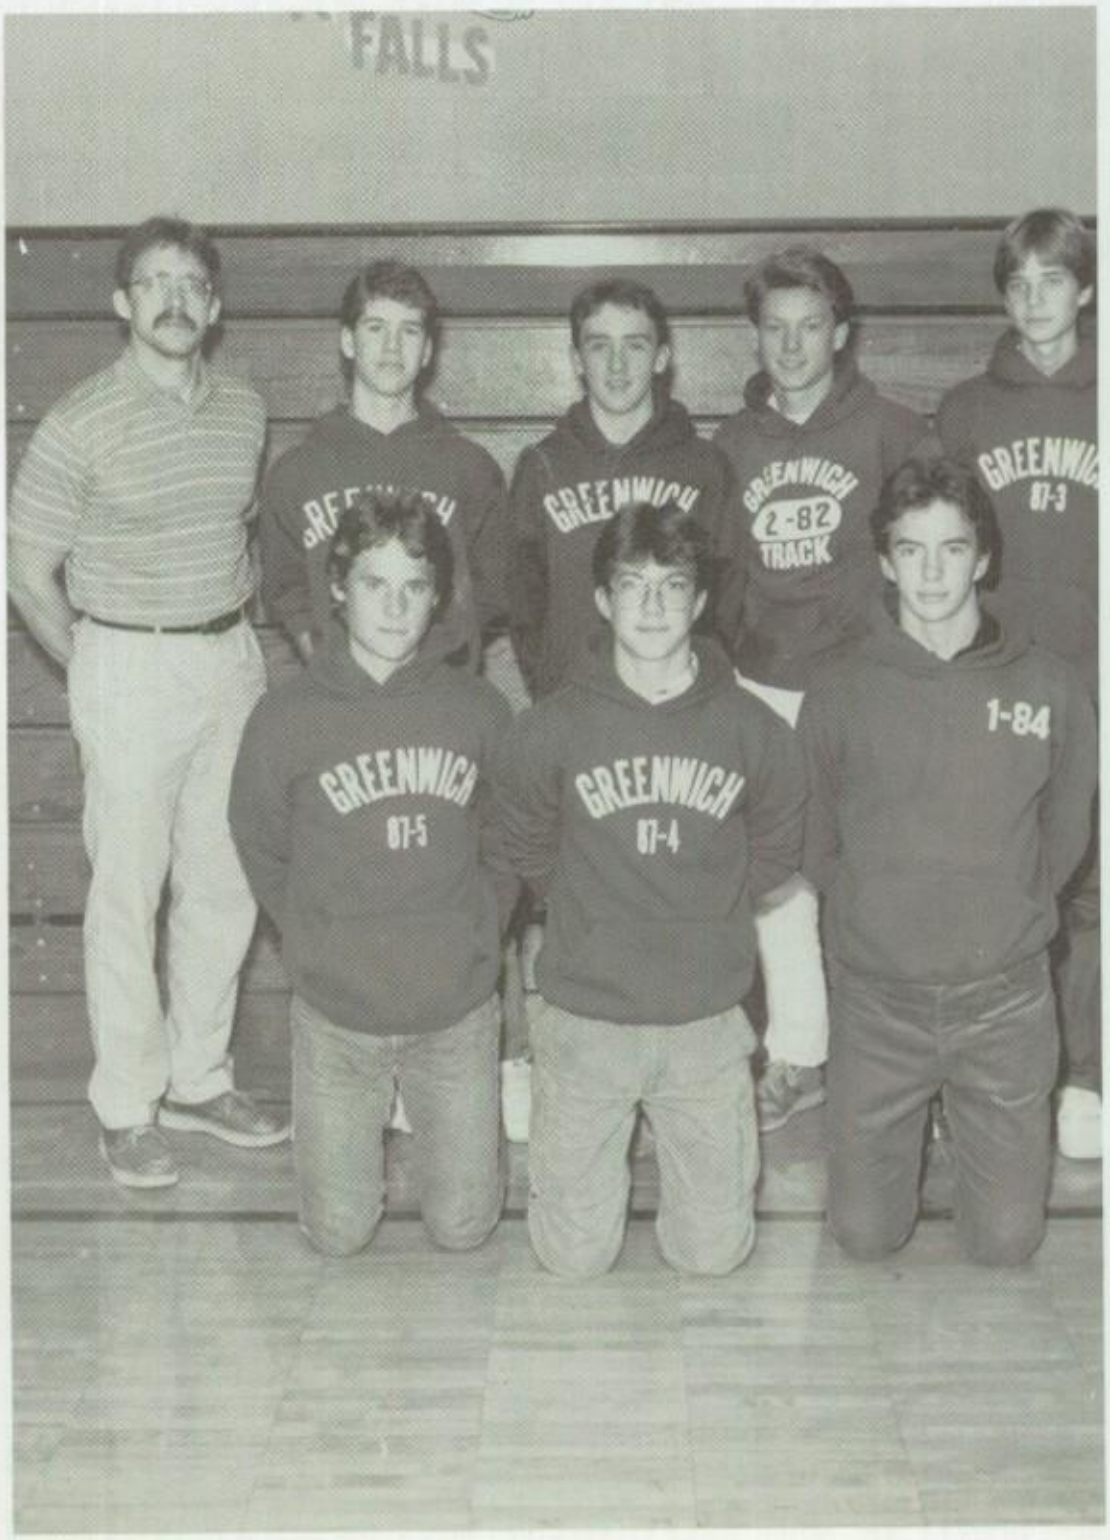
CROSS COUNTRY

"Aaand they're Off!"



The Greenwich Girls Varsity Cross-Country team ended a busy season on November 6th by earning third place sectionals patches in Class D Sectionals at Saratoga State Park.

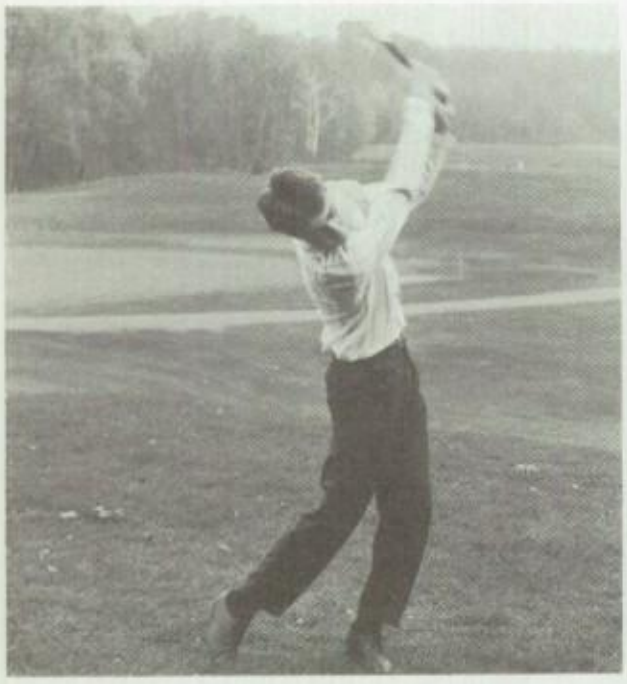
The Boys team finished fifth at Sectionals led by Jerry Ellis who qualified for States. The future looks promising!!!

The season was not all work and no play as the team traveled to New York City on October 31st to watch the New York City Marathon.

To raise money for the NYC trip, the team held a Jog-a-thon. The team would like to thank the students, faculty, and community members who supported them.

Two records were broken this season. One was by Jerry Ellis. He now holds the Senior record of the 2.5 mile course. The other record was broken by Carla Bengle. Carla holds the Junior girls record of the same course.

Seniors on the team this year were Jennifer Pitkin and Jerry Ellis.



GOLF — '87

Dream, Dream, Dream

What a *putty!*

The 1987-1988 Golf Season was a successful one. Our record was 7-3. Peter Cowen was the one senior member of the squad. Others who contributed heavily were Jim Estramonte, Geoff Cowen, Chase Bouchard and Brandon Coulter.

Jim and Geoff both qualified for golf sectionals which were played at Northway Heights Country Club. We look forward again to another successful season next fall with a number of returning underclassmen to form the nucleus for a fine team.

Young Team Builds Experience

The fall started off the first season of a girls' tennis team. The team was young (with only three seniors) and inexperienced. However, by the end of the season there was a great deal of individual accomplishment by all. The season ended with a big victory over Ballston Spa with a score of 4-3. Seniors on the team were: Erin MacNeil, Evelyn Grimes and Susan Battis.

"Success is not always registered by the score; it can also be measured in growth and experience. We were a success! Personally a most fantastic and memorable experience." Coach Idleman

Girl's Varsity BASKETBALL

The 1987-88 Greenwich Girls Basketball team enjoyed one of their most successful seasons ever. Seniors Valerie Coon, Debbie LeBarron, and Marsha Rymph provided the team with much necessary leadership while each team member played a contributing role in the team success.

Seniors Valerie Coon and Debbie LeBarron were selected to play in the Exceptional Senior All Star game. Also receiving individual honors were Tracey Watkins and Valerie Coon who were named to the Wasaren League All Star Team. PJ Buckley, standout defensive player, and Jana Fifield received Honorable Mention from the league coaches in their all star voting.

Mr. Craig Allen proved to be a valuable part of the girls basketball program as he and Miss Troy guided the Lady Witches to a 17-3 regular season record and a second seed in the Class C Tournament.

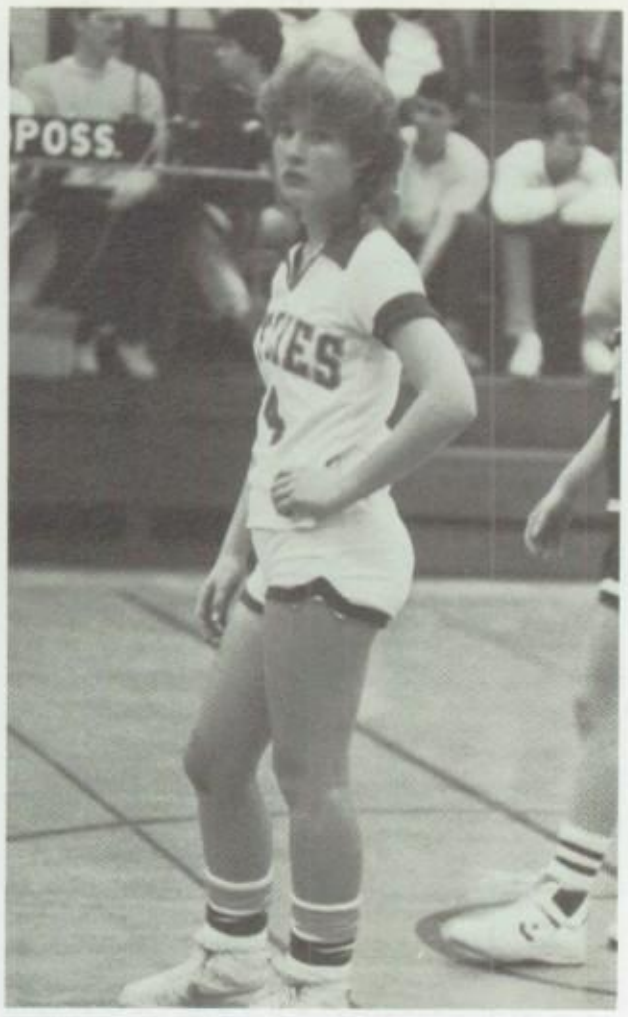
Girl's JV BASKETBALL



The J.V. Girls Basketball team coached by Mr. Allen was a combination of five eighth graders, three ninth graders, and one tenth grader. The young team won their first game with a lot of effort, but unfortunately they declined in their winnings. The team traveled to many different schools and played with vigorous determination. As they played, they showed a lot of school spirit. As the time ticked away, the girls would never give up and would always await the next game to improve their abilities. Nothing could be compared to the relationship between the coach and the girls. The coach was willing to teach and the girls were willing to learn. The team traveled with the Varsity team and they would cheer them to victory. They gave it their best shot and hopefully there will be a lot more spectacular victories next year.

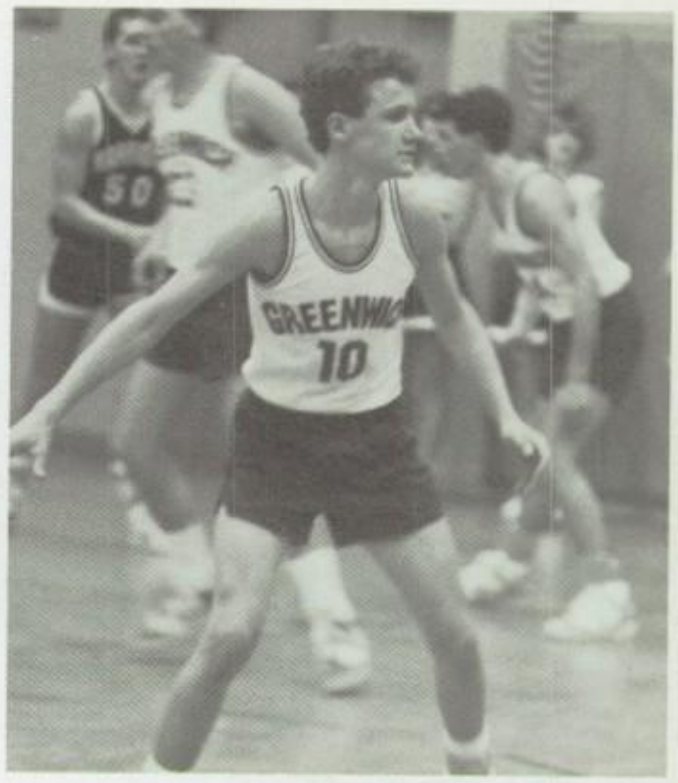
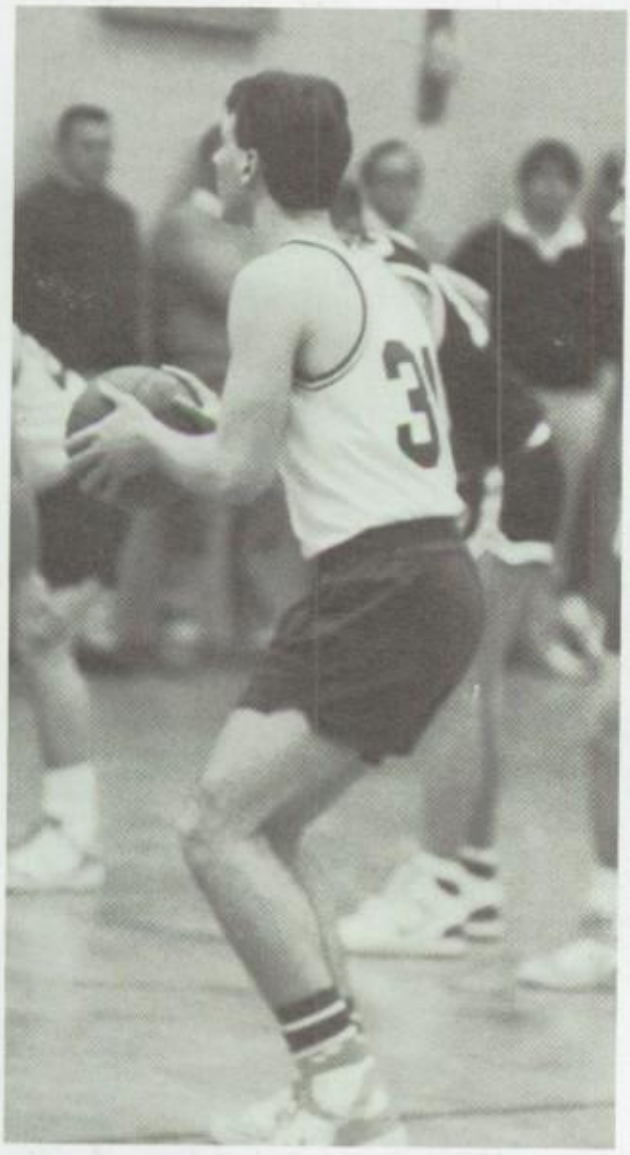
JUNIOR VARSITY

COACH LOMASNEY





This year's edition of Greenwich J.V. Basketball ended a successful schedule with a record of 10 wins-10 losses.

Coach Lomasney's team started the season with a group having only one player with any real J.V. experience. Many of the lst games were very close contests.

The Varsity team had a final season's record of 14 wins-7 losses overall and 10-4 in the league.

The team advanced to sectional play. The first game in sectional play was against Berlin on Saturday, February 20. Greenwich won the game, 89-62. The team was down, 18-15, after the first quarter but came on strong in the second quarter. The team played well and will continue on with sectional play challenging Maple Hill on February 24 at Mechanicville.

Sorry! Our final deadline has arrived and we were unable to wait for the final standing. We hope the team continues to play well and is successful in future sectional play.

TENNIS, '87

Even though the tennis team lost 4 of their top 5 to graduation last year they were more than respectable this year. Their 6-5 record wasn't bad and it could have easily been 9-2, having lost three very close matches. Coach Nolder considered the '87 season a rebuilding year and was happy with the team's showing. With practice teamed with experience the team plans to be strong in '88.

UP AT BAT

The 1987 varsity baseball campaign was the most successful in recent years as the team was co-champions of the Wasaren League, and advanced to sectional play.

The season started off with a bang as Eric Bowen and Brandon Linnett threw consecutive one-hitters at Salem. Other wins followed over Schuylerville, Hoosic Valley, and Tamarac. The team recorded two victories over Hoosick Falls, Cambridge, Stillwater, and Salem; to join Tamarac as the co-champions of the Wasaren League.

SLIDING IN

Our season was a respectable 7-7, we finished fourth in the league and won our last four games. It was an interesting time especially in the last game of the season we ended up winning in extra innings with only eight players!!! In all most of our games were close affairs and very exciting with everyone enjoying the times that we had.

The girls' softball team was 12-2 this year, bettering last year's record with three more wins. One of the highlights of the season was a victory over Hoosic Falls' Panthers, our primary rivals. After losing our spot in regionals to them last year, we were determined to beat them. We defeated them in a very close game, ending with a score of 6-4. They, in turn, beat us at the next game with the same score of 6-4. We went on to sectionals ceded second. We won Section C Finals and went on to the mercy of the Panthers once again.

FROM THE CLASS OF EIGHTY-EIGHT

The years we had together
were definitely a lot of fun;
Just as we remember our class
was number one.

We did a lot of things like
skipping out of school,
forging all our notes,
and breaking all the rules.

From getting into trouble,
to getting all good grades;
We're graduating now and
we're all a little afraid.
The security we felt all through
our years in school
Is all gone now,
but we have to play it cool.

The memories we have will be kept
close to all our hearts;
The friendships we all made
will never be torn apart.

A lot can be said about the CLASS of 88;
but one thing's for sure,
We were certainly great!!
— Denise and Kirsten

ALMA MATER

Upon a hill in broad expanse,

G.C.S. nobly lies

With Love and Knowledge for us all,

She joyfully supplies

She stands for all that's good and true

And therefore let us be.

As true to her ideals

As she would always have us be.

O Greenwich High we sing to you

Our praises mounting high

To you we give our loyalty

And faith that will not die.
